WORK EXPERIENCE

JULY 2025 - Current	Lead / Senior Research Engineer, 21D (AI Group) <i>Transforming dental implant workflows using AI.</i>	Manchester, UK
JAN 2024 - JUL 2025	Deep Learning Scientist, Ultromics <i>AI solutions for echocardiographic 3D video analysis.</i>	Oxford, UK
APR 2022 - JAN 2024	Junior Deep Learning Scientist, Ultromics <i>Cardiac AI models and automated deployment workflows.</i>	Oxford, UK
SEPT 2021 - JAN 2022	Research Intern, Ultromics <i>Model uncertainty in cardiac ultrasound segmentation.</i>	Oxford, UK
OCT 2019 - MAY 2021	Postgraduate TA, King's College London <i>Lectured MATLAB programming and cardiac mechanics.</i>	London, UK
JULY 2015 - JULY 2016	Graduate Intern, Siemens Healthcare GmbH	Forchheim, Germany

EDUCATION

SEPT 2017 - AUG 2023	PhD in AI for Medical Image Computing King's College London Pablo Lamata , Andrew King Thesis topic: Machine learning methods for cardiac variability.
SEPT 2016 - SEPT 2017	MSc in Computer Science Imperial College London Panos Parpas
SEPT 2012 - SEPT 2015	BEng in Biomedical Engineering King's College London Oleg Aslanidi Rosalind Franklin Prize
